We are constantly striving to improve the breed as a whole with carefully planned breeding programs and a natural diet, which enhances the health and wellbeing of the puppies that we breed. We usually only breed to enhance our show team but sometimes have puppies and mature dogs available to loving homes. All puppies are provided with a puppy pack, fully vaccinated and micro-chipped before going to their new homes. In working to improve the breed all stock has been PRA tested.BEWARE: The website - Schlaudachshunds with the email- schlauminidachshunds@gmail.com IS NOT US, they set up in January 2022 with the sole intent of trading on our reputation. I started showing a year later & breeding a few years after that. I got my 1st mini smooth in 2004 & they have dug their way into my heart & my house. They are like rats, over running my bed, my kids bed & we LOVE it. They are 10 feet tall & bullet proof, great little hunters & don't even think about sneaking into my house, they will let us know you are about. call (02)4845 0210 or email zyzemup@activ8.net.au or look me up on Face Book "Kerry Beckhaus" My mini longs are recessive so come from smooth parents. i've just bred my first littler so it will be interesting to see how the gene works with them. I'm hoping to get some nice mini longs home of Australia's 1st Dachshund Earthdog, Cindy N.E.Kerry
